

Your School Nursing Service

***“Working in partnership with parents,
children, young people and schools.”***

Who are the School Nursing Team?

The team is made up of school nurses, public health nurses and child health assistants.

Your school nursing service can work both in and out of school to help provide or find you support about:

- ***Maintaining health and development***
- ***Emotional wellbeing***
- ***Medical conditions***
- ***Hearing / vision tests***
- ***Immunisations***
- ***Keeping safe***
- ***Weight management***
- ***Smoking / drugs / alcohol***

How can I contact the school nursing team?

Contact details here

If you are invited to an appointment with the school nurse it is important you attend.

You can help us by making sure your child has received all their immunisations before starting primary school.

Your child's school details and current home address will be obtained electronically from the Department of Education and recorded on the Child Health System. This allows us to deliver the Child Health Promotion Programme.

We offer a confidential service. We will NOT discuss your personal information with anyone else without your permission unless to protect you or someone else from serious harm. Whenever possible we will discuss this with you first.
