

Freedom of Information Request

1. How many patients had only COVID 19 placed on their death certificates despite not receiving any treatment for a viral interference?

Details relating to Covid-19 death statistics are publicly available from the Northern Ireland Statistics and Research Agency (NISRA) who compile this information. NISRA holds a central statistical source of Health Care related data for Northern Ireland. Please find the link below to the NISRA website;

<https://www.nisra.gov.uk/statistics/ni-summary-statistics/coronavirus-covid-19statistics>

2. How many doctors have been caught putting only COVID 19 on death certificates despite not treating the patient for a viral interference?

Northern Health and Social Care Doctors are bound by a statutory duty and the General Medical Council (GMC) to ensure that all Certification of Deaths are appropriate and accurate.
