

# What is College?

## Day Opportunities Service

## What is College?

Some service users go to college to learn new things. This is called further and higher education.

There are lots of different things that people with learning disabilities can learn at college.

Some people do reading or maths classes.

Some people learn how to travel safely.

Some people learn how to use computers.

Some people learn things like cooking and looking after their money.

The Day Opportunities Coordinator will continue to meet with the service user to make sure that everything is going OK and that this is the right service for them.
