

eLearning at Northern Trust

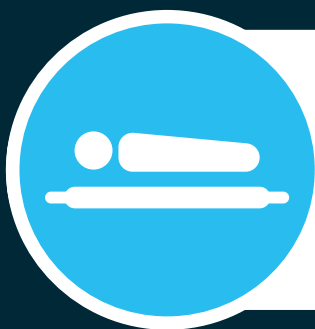

Do you know that you can do the following training online?

Fire Awareness — for all new all staff and staff due to expire.

Manual Handling Awareness — for all staff, raises awareness of potential hazards associated with manual handling, and the precautions you can take to reduce the risk of manual handling injuries.

Moving & Handling video, supported with resource pack — for all staff involved in the moving and handling of patients.

Infection Prevention and Control Tier 1 — for non-clinical staff and will ensure that staff understand the importance of the prevention and management of infection and micro-organisms (germs).

Infection Prevention and Control Tier 2 — for health care staff with direct patient contact or contact with the patient's environment and/or equipment.

Need an account?

I am an existing staff member: most staff should already have an eLearning account. Top tip — your username is your staff number. You can reset your own password. Queries can be sent to: E-LearningHelpdesk@northerntrust.hscni.net

I am new to the Trust, how can I get an account?
Complete the information required below and email to: ODTraining@northerntrust.hscni.net
