

Freedom of Information Request

1) Could you please provide the number of patients treated with teriparatide in the last 12 months of data you have (November 2020 - October 2021).

18 patients treated with teriparatide from Nov2020-Oct-2021

2) Could you provide the proportion that were treated with teriparatide within Rheumatology, Orthopedics or other.

100% of these patients were rheumatology

3) Could you provide the number of patients treated with oral bisphosphonates in the last 12 months of data you have (November 2020 - October 2021).

4) Could you provide the proportion that were treated with oral bisphosphonates within Rheumatology, Orthopedics or other.

5) Could you provide the number of patients treated with Vitamin D in the last 12 months of data you have (November 2020 - October 2021).

6) Could you provide the proportion that were treated with Vitamin D within Rheumatology, Orthopedics or other.

Q3 – Q6 The Trust is unable to respond as oral bisphosphonates and Vitamin D are not always supplied on a named patient basis. In addition, the Trust may make a recommendation to the patients GP to commence treatment, which is not supplied from the hospital.
