

Freedom of Information Request Reference

- 1. Could you please tell me how many patients were prescribed the following medications (non-biosimilar and therefore more expensive) last year in secondary care?**

genotropin, humatrope, norditropin, nutropin Aq, saizen, zomacton

- 2. Second, how many patients in 2019 were prescribed the cheaper omnitrope?**
- 3. Please could you also tell me the prices of the defined daily dose (DDD) of all these medicines?**

The Northern Health and Social Care Trust have not used any of the above medications.
