

What is a Social Enterprise?

Day Opportunities Service

What is a Social Enterprise?

Some service users go to a Social Enterprise facility.

This can help the service user to learn skills that can help them to get a job.

Going to a social enterprise can help service users to try new jobs and to learn new skills like:

- Being on time

- Organising transport to and from work

- Working with other people

- Doing a job well

There are lots of different social enterprise companies. Some make things like candles, cookie jars or soap and some social enterprise companies do jobs like recycling, catering, gardening or warehousing.

The Day Opportunities Coordinator will continue to meet with the service user to make sure that everything is going OK and that this is the right service for them.
